MEMORANDUM FOR : Director, Foreign Broadcast Information Service
THROUGH : Chief, Operations Group
SUBJECT : Monthly Report--Gulf Bureau--November 1985

I. GENERAL

The question of bureau staffing and language capabilities reached the decision-making point during the month when, not unexpectedly, the bureau's only monitor with Kurdish capability announced his decision to resign at the end of his current tour in late January. Loss of the Arabic/Kurdish monitor was anticipated at the time of the annual review of non-staff T/O, and as proposed in the review, the bureau has decided to recruit for an Arabic-only monitor as a replacement. Since Kurdish sources have been unmonitorable for months, a production from these sources has always been extremely limited, there is no pressing need for capability in that language. Maintaining full Arabic staffing, on the other hand, is a top priority, and a good prospective candidate has been identified with the help of London Bureau. The question of Kurdish monitoring will be reconsidered before the bureau fills the seventh position in the Arabic section.

II. OPERATIONS

A. Editorial/Monitorial

1. November started off busy for Gulf Bureau, with coverage of the annual GCC summit, this year being held in Muscat, Oman beginning on 3 November and ending 6 November. The Gulf countries' television services linked up with Muscat Television Service in Arabic to relay live the arrivals of the GCC heads of state, the opening and closing sessions of the GCC summit, and the departures of the heads of state on 6 November. The radios of the GCC states also linked up with the Voice of Cooperation Council broadcasting from Muscat. FYI's and editorial reports were prepared on the TV coverage, VSL's filed, and numerous speeches and statements carried over radio and TV processed.

2. On 15 November, the Soviet Union made its second breakthrough this year in Gulf relations when it was announced that the USSR and the UAE were establishing diplomatic relations. Oman and the USSR had taken the step during September. As in the case with Oman, the USSR was again the first to announce via media that relations had been established. Two days later a UAE paper quoted "informed sources" as saying that the UAE intends to establish relations with East European countries and it is just a "matter of time." The USSR now has relations with three of the six GCC states (Kuwait, Oman, and the UAE).

3. Following an alert by BBC Newsburo on 25 November of "rumors" of Ayatollah Khomeyni's death, a close watch was maintained on Iranian media for any mention of Iran's leader. Special emphasis was placed on Tehran television should film be carried of the Ayatollah. On 30 November, Tehran Television Service in Persian at 1630 GMT carried a videotaped recording of a 26-minute speech by Khomeyni earlier that day to an audience, which included President Khamene'i, on the anniversary of the prophet's birthday. An FYI was prepared to alert consumers of Khomeyni's appearance. He showed no signs of ill health. A VSL also was prepared.

4. At the request of Tel Aviv Bureau, Gulf assumed daily coverage of (Clandestine) National Voice of Iran in Persian from 30 November to 16 December during their Persian monitor's leave.

B. COMMUNICATIONS

1. Following a number of requests from RUEHSE/US SECRET SERVICE WASHINGTON DC for refiles of bureau copy (including refiles of items already refiled) claiming "non-receipt," Gulf Bureau initiated tracer action on several of the items per consultation with Chief of Communications. The tracer action remains in progress at report time.

ADMINISTRATION

A. Personnel

STAT 1. Editor [] was promoted to GSO-9 effective 10 November.

STAT 2. Communications operator [] received a PSI effective 24 November.

STAT 3. The bureau's Arabic/Kurdish monitor, [] gave notice during the month that he would not be renewing his contract once his current travel agreement expires on 25 January 1986. As a replacement, the bureau has asked London Bureau to conduct a followup interview with a good prospective Arabic monitor candidate referred to us by the BBC and tested by PMU in September.

B. Building and Grounds

The amendment of the bureau lease to incorporate the new generator/storage space was completed during the month with a projected acceptance date of 30 November. Acceptance and payment were, however, made contingent upon the landlord's completion of the new partitioning walls, and this work had not yet begun as of this writing. The landlord is being reminded of his commitment.
